Grass Dale Center
108 North Reedy Point Road
Delaware City, DE 19706

The Port Penn Historical Society is seeking volunteer assistance for a one day event on
May 19, 2018 from 11:00 to 4:00

The Wetland Festival is a unique event that highlights wooden boats and wetland traditions along the Delaware River and surrounding marsh. This is an outdoor event. We are offering a range of lectures and activities throughout the day ~ as well as food, arts & crafts and exhibitors.

Volunteer activities include directing exhibitors and demonstrators to their assigned locations, assist with children's activities, assist with carrying audio equipment for interviews, direct people to parking areas and to answer general questions that attendees may have.
